New Member of the Advisory Board:

Hans-Jürgen Jabs joins the Advisory Board of RAIL.ONE GmbH on 1 January 2007

Neumarkt, Germany, 3 January 2007 – Effective on 1 January 2007, RAIL.ONE GmbH has appointed Hans-Jürgen Jabs (59) as a new member of the Advisory Board of the company. After earlier assignments with Reynolds Aluminium and TRW Pleuger Unterwasserpumpen GmbH (manufacturers of underwater pumps), both with central offices in Hamburg, Mr. Jabs was named General Manager for Business Activities and Director of Human Resources of ALSTOM LHB GmbH in Salzgitter, Germany. In these positions, Hans-Jürgen Jabs was responsible for activities in the areas of strategy and planning, finances and controlling, IT, as well as human resources and law. In addition, he was Managing Director of the subsidiary Scharfenberkupplungen GmbH (coupling systems). From 1995 to 2005 Mr. Jabs further served as Chairman of the Board of ALSTOM LHB GmbH. He moreover became a member of the Board of Management of German ALSTOM Holding and, as Senior Vice President of ALSTOM Transport in Paris, held regional responsibility for Germany, Austria, Scandinavia, and Poland.

CEO and spokesperson Richard Ziegler said, "We are most pleased to make such a top-notch appointment to our Advisory Board. RAIL.ONE will certainly profit from the long experience of Hans-Jürgen Jabs in the expansion of its business activities."

About RAIL.ONE GmbH:

RAIL.ONE GmbH – known until recently as Pfleiderer track systems – conducts business with the goal of providing comprehensively oriented

systems and engineering for the entire field of railway tracks and their many and varied requirements. The company has also achieved an internationally leading position in the area of high-speed rail transportation. In addition, RAIL.ONE manufactures main-track and turnout sleepers made of concrete. In this area, RAIL.ONE GmbH – in close collaboration with its customers and partners – carries out as one-stop supplier all activities involved in product development, manufacture, and application of concrete sleepers: beginning with engineering; including production, supply, and logistics; and extending to quality management.
